- Communicative
- Strategic

Education

M.A. Mass Communication: Web Design & Online Communication | University of Florida

Learned many of the coding languages, frameworks and libraries that I use today / How mass communication theory incorporates into user experience and web design / Digital marketing tactics and how it integrates with web development.

Honors: Suma Cum Laude / MAMC Program Ambassador / 3x WDOC Student Showcase

B.S. Public Relations | University of Florida

Instilled the importance of research, strategic planning, and knowing your audience before executing campaigns.

Experience

Web & Multimedia Coordinator

Northwest Florida State College | 2017 - Present

Redesigned, developed custom themes and launched five of the college's websites built on PHP & WordPress. Performed regular website maintenance and updates, met with internal clients to perform content audits and design improvements. Frequently worked with system administrators to troubleshoot and debug.

Adjunct Instructor | University of Florida | 2017 - 2018

Taught Advanced Web II, which focused on more advanced concepts of HTML5, CSS3, JavaScript, jQuery, Command Line, Git Repository, prototyping, and more. Frequently worked one-on-one with students to help troubleshoot code from projects and assignments. Left position due to other full-time work commitments.

Sales/Marketing (Remote) | Infomedia | 2015 - 2016

Worked with a web design agency based out of Birmingham, AL, to try and establish a service area in Florida panhandle. Served in a sales, copywriter and SEO role. Left role due to starting graduate school full-time.
